

Food Safety Microbiology Submission Form (Non-MPI program testing only)

Establishment Name _____ Est. Number _____ Region _____

Address _____ City/State/ZIP _____

Phone _____ Fax _____ Email _____

Sample ID _____ Collection Date (mm/dd/yy) _____ Time _____ am
pm

Collected by (print) _____ Signature _____

Test Requested	√	Species	Specimen Type
Generic <i>E. coli</i>			
<i>E. coli</i> O157 RT-PCR Screen			
Non-O157 STEC RT-PCR Screen			
<i>Listeria species</i> RT-PCR Screen			
<i>Listeria monocytogenes</i> RT-PCR Screen			
<i>Salmonella</i> RT-PCR Screen			

Prices (per test): Generic *E. coli*: \$95; RT-PCR Screens: \$110

Confirmation testing for samples that show positive on the screen are \$75 (*Listeria sp.*) and \$100 (*Salmonella sp.*) additional per test.

All samples are set up for testing on Tuesdays, Wednesdays and Thursdays. Results are provided the day after samples set up for testing. Results for samples requiring confirmation testing may take up to 7 days.

NOTE: Samples MUST be shipped overnight so they can be tested the day following collection.

Ship samples to: University of Illinois
Veterinary Diagnostic Laboratory
Attn: Food Safety
2001 S. Lincoln Ave
Urbana, IL 61802

Use a separate submission form for each sample, if sending more than one. Include enough cold packs to ensure the sample(s) arrives at a refrigerated temperature. **Raw product over 15 C and Generic *E. coli* swabs over 10 C will be rejected.**

*The day of shipment, please notify the laboratory that a sample is being sent by sending an email to vdlsis@vetmed.illinois.edu to help laboratory staff prepare. Thank you.
